

FAQ

Is there entry on the day?

NO. Entries on the day are not allowed

Can I transfer my entry to another person

Yes up until November 31st transfer to another runner will be allowed provided the organizers are given full details of the transfer.

Transfer after that date is not allowed and simply swapping bib number is strictly prohibited, for reasons of safety. Safety is the biggest concern about bib swapping for the race director. If a runner gets hurt on the course and cannot respond to medical attention, his or her race bib should be linked to a name and emergency contact information.

Can I get a refund

If for any reason you are unable to take part in the Poultry Run you may claim a full refund minus a £5 admin fee. This refund must be claimed before December 1st and is at the discretion of the race organiser

Are Headphones allowed

The nature of the event means that you need to be aware of your surroundings and be able to hear marshals instructions. For those reasons the wearing of headphones that fit over or in your ears are not allowed and any runner found to be using them will immediately be disqualified. However, the use of bone conduction headphones such as Aftershokz are allowed.

Are there water stations on the course

Yes there will be one water station at approximately the half way point to the race.

Can I run with my dog

Unfortunately this event is not suitable and so running with you dog is strictly prohibited.

Can I run in Fancy Dress

Yes, in fact we encourage you to do so
